

Interviews at CES Highlight WAAS Fellows

Amanda Ellis and Lawrence Ford

Video interviews with WAAS Fellows recorded at CES in January 2025 and conducted by WAAS Fellow **Lawrence Ford**, have been released and are now public. The interviews were filmed at the WAAS Human Security for All booth as part of our larger collaboration with CES, the world's largest consumer technology event, held annually in Las Vegas, and the United Nations Trust Fund for Human Security.

Eden Mamut: [Innovative solutions to climate change and water pollution](#)

Garry Jacobs: [A transformative approach through technology and AI](#)

Amanda Ellis: [Planetary citizenship and AI tackling global challenges](#)
